

THE GREEN LEAF

August, 2021

Vols Back on Rocky Top!

Welcome back Vols! What can we say, Rocky Top just isn't the same without you.

Volunteer With Us!

As we work to meet our Zero Waste Commitment, we need your help! Our office needs volunteers to encourage and facilitate recycling and composting on campus.

Compost Site: 4th, 18th, 24th

Recycling Warehouse: 6th, 20th

Stay up-to-date using our Volunteer Calendar!

Campus Move-In

For move-in week, the amount of discarded material is high. Please break down cardboard boxes and place them in the cardboard dumpster. There is also a single stream dumpster for plastic, cans, and paper. Plastic bags, items with food, and styrofoam should be placed in the trash dumpster. There are also recycling and trash rooms on every floor for small amounts of waste. Thank you for your assistance in making our campus sustainable during this hectic time!!

ZERO WASTE GAMEDAYS

Zero Waste Game Days

With football season beginning September 2nd, we are so excited to work towards our goal of keeping 90% of waste produced at home events out of the landfills. To learn more about Zero Waste Games, click on the image above!

Become a Waste Warrior

Learn how to sort waste into the correct bins on campus with our new waste sorting game. Click the image above to play the game!

Work for Us!

The Office of Sustainability does not currently have any open positions at this time. See the job listings below for the opportunity to apply for jobs outside of the university.

Sustainability Job Openings

Below is a list of sustainability-related jobs across the US. **Click the titles to apply/learn more about each position.**

Watershed Representative - Level A: While working for System One, the individual in this position would review and update long-range watershed-based strategies for protecting and improving the quality of water resources.

Sustainability Coordinator - Clemson University: While working for Aramark, the individual in this position will implement sustainability procedures and practices in the areas of responsible sourcing, local purchasing, efficient operations, and waste minimization.

Staff Sustainability Strategy & Disclosure Consultant: While working for ERM, the individual in this position will work directly with senior consultants to provide support on client engagements such as materiality assessments, writing sustainability reports, responding to ESG (environmental, social and governance) ratings and rankings, and setting sustainability goals.

Sustainability Champion

The Sustainability Champion is an award given monthly that recognizes a member of UT's faculty, staff, or student body who exemplifies what it means to Make Orange Green through their environmental stewardship, leadership, and/or activism.

Congratulations to our July winner, **Josie Tunnell!**
