Resources Spring 2023 Resources

NEW! Spring 2023 Course Resources: Each term, TEP and UO Online update resources that are meant to help you  

resources and learning. Your first stop is Canvas, the class that connects students to the course, streamlines assessment reporting, and defines and designs meaningful excellence. The goal is to help instructors create an educational experience that is engaging, meaningful, and relevant. We also highlight key spring terms dates.

In response to faculty questions, we offer samples of resource-neutral course policies and, in partnership with the Accessible Education Center, we offer an online accommodations.

Exam proctoring for online classes: These services will be relocated to rooms 041 and 042 of Knight Library in spring term, as UO prepares to create a new destination for remote services on campus. If you use the UO Center Exam Center to proctor exams for your online class, please advise students of this temporary location change.

AEC accommodations for Canvas exams: If you have created Canvas exams (or exams that are time-limited), you may need to adjust settings for students with accessibility accommodations. Accessible Exam Accommodations in Canvas for Additional Time and Alternative G:
