Hello BV Chamber Members & Friends,

One of the REALLY fun things the BV Chamber of Commerce hosts is Business After Hours. We've been getting these back up and running this year and I'm so excited that the next one is just around the corner - next Thursday!

150 plus people had a blast at High Country Bank a few months ago and I'm so thrilled that [The Adventure Company \(TAC\)](#) was excited to host the [July Business After Hours](#) at their complex in Johnson Village.

One funny thing is that I tried to make these Business After Hours networking events for Chamber Members ONLY but the community and hosts revolted! Everyone demanded that they be open to the public so open to all they are!

A huge thank you to Mark Hammer and his companies - [TAC](#), [Station 24](#), and [A Riverhouse Lodge](#) for hosting! They are providing catering for the event so come hungry!

There will be convo and Q&A about the river industry too. I'm excited to hear how the season is going and what the experts have to say! The paddling industry and river economy is such a huge and well loved part of our community and this will be such a great opportunity to celebrate and engage with the pros. Bonus points for anyone who floats to the event!

Over here at the Welceom Center, we've had some very interesting conversations about how important it is to actually participate to make the most out of your Chamber membership, to create your community, and to engage in all that can help support your business and personal success.

The BV Chamber is dedicated to creating that participatory framework for our members and community to interact and find the inspiration and support systems they need to continue down the paths they want to explore and succeed on. My aim is to make those participatory opportunities, events and collaborations as much fun as possible!

So, I invite you, our members and broader BV community to help activate fun spaces for networking, talking business, and talking about whatever else is on your mind! Come on out to JULY Business After Hours at the Adventure Company next Thursday!

I encourage you to [register in advance](#) to make it easier for our volunteers at the door.

All the best,

Liz

PS. Please, if you talk with anyone going camping, talk about **fire safety and leave no trace**. We're hearing reports of massive amounts of trash being left at campsites over the 4th of July holiday and this is just unacceptable. Fires must be put dead out (cold to the touch) using plenty of water, and ALL TRASH MUST BE PACKED OUT! Even micro-bits of trash. We have beautiful outdoor recreation opportunities

here but they don't come with a cleanup crew. It's only fun and beautiful if everyone does their part - pack it in pack it out. THANKS TO ALL!

All are welcome!

Farm Fresh Recipes

Thanks to Headwater Farms for sharing your local recipe ideas! We've got a burgeoning and very beloved local food scene here and the Chamber wanted to celebrate some of the bounty!

Prevent forest fires

Fill a dry bag (or bucket) with water to put the fire dead out, cold to the touch. Dry bags are lightweight and easy to pack on a backpacking trip or any time you need a big gulp of water for fire safety. Make sure your crew brings maybe 2 per fire. Fill them up early so they're sitting there waiting and ready at the end of the evening.

If you want to tell your friends you invented this so they think you're a genius, go right ahead!

Cold to the touch. No excuses.
