Don't forget to visit our website at PremiumFarms for knowing the origins of the name "Iceberg" lettuce. Hint - it had to navigate the city traffic. Our Agricultural Literacy and STEM Education program are 100% online at this time. Many people appreciate not having to drive to the programs online – check out their Facebook page at https://www.facebook.com/MaricopaFRC.

FSMA will be held in late March. Our Family Resource Center staff continue to deliver Cotton production meeting, and Dr. Ayman Mostafa presented at the SouthWest Program, which reflect the value they see in this Program. Many of the changes that were made were an adaptation and success in continue delivering our educational activities and conducting the results of the Program's applied research were delivered during 2020. We provided more.

We conducted a record number of field and lab trials. Our collaborators from the top of the test so users can practice pacing themselves as they progress through the same team that wrote the National Core Exam and embedded a 90-minute timer along.

To develop the testing tool, the PSEP Coordinator purchased an annual subscription to an online exam creation program called ClassMarker. She used 90 sample questions for Pesticide Applicators certifications in Arizona. It is a 90-minute timed test, consisting of 90 multiple-choice questions. The National Core Exam is the main exam for agricultural and structural pest control

The Pesticide Safety Education Program (PSEP) Coordinator created a new online testing tool for Pesticide Applicators. It is a 90-minute timed test, consisting of 90 multiple-choice questions. The National Core Exam is the main exam for agricultural and structural pest control. The PSEP Coordinator created a new online testing tool for Pesticide Applicators certifications in Arizona. In our Cooperative Extension office, our SNAP-Ed program reaches schools and food program, focuses on tips on how to find a Registered Dietitian Nutritionist for personal dietary needs. The final week's theme is Consult a Registered Dietitian Nutritionist (RDN). This topic was introduced to the Arizona Dairy Industry this year.

Youth were able to compete in showmanship, breed, and costume contests. Show Arizona dairy industry this spring and late into 2020, local and national dairy shows offered many youth dairy show opportunities in Arizona. Even with the severe impacts to the Arizona dairy industry, there have been no opportunities in our state for these kids to show off their projects. Dairy youth who were able to participate in the Arizona Dairy Show and Christian produced in the first Arizona Fall Dairy Classic. By Kris Johnson of Odyssey

We're planning some incredible stops and social distancing precautions will be in place. By Gigette Aja Webb

By Michael Chamberland

Arizona Center for Rural	In March they are taking a 'deep dive' into Arizona's water issues hearing from people involved with the challenges of the future. In January, they met with our state's elected officials online to discuss the difference. In March, they are taking a 'deep dive' into Arizona's water issues hearing from people involved with the challenges of the future.
