Monthly Highlights

R2 Celebration

All Principal Investigators and Co-Principal Investigators who have secured external funding during the past five years are invited to join the Office of the Provost and the Office of Research and Sponsored Programs in the **White Ballroom on April 18th, 2022, from 1PM-3PM**. This event represents a celebration of the hard work and dedication that went into Sam Houston State University becoming a Doctoral University of High Research Activity (R2 Status) by the Carnegie Classification of Institutions of Higher Education. University President, Dr. Alisa White, Provost and Senior Vice President for Academic Affairs, Dr. Michael T. Stephenson, as well as Associate Provost and Chief Research Officer, Dr. Chad Hargrave will speak at the event. The event will also include live music, refreshments, and each invited Principal Investigator and Co-Principal Investigator will receive a commemorative coin from the Office of the Provost in recognition of their contributions to the Sam Houston State University research enterprise.

- A list of all participants who will act as guides, instructors, performers, etc.

To submit your idea, please fill out the [submission form](#) or send an email to the [Grant Proposal Development Team](#).

Facilities and Equipment Databases at Sam Houston State University

We are in the process of collecting and databasing information describing all facilities and equipment located on campus and available for use by Sam Houston State University faculty, staff, and students. To [add a facility](#) or [add a piece of equipment](#) to the database, please fill out the corresponding form. For further assistance, contact [Jonathan Thomas, Research & Proposal Development Coordinator](#).

You can browse the current [Facilities Database](#) and [Equipment Database](#) to see what resources our campus has to assist you with your project needs.

Internal Grant Opportunities at Sam Houston State University

We are collecting information on all internal funding opportunities and grants offered by the colleges, departments, offices, and divisions of Sam Houston State University, including Academic Affairs. Our goal is to create a centralized resource faculty, staff, and students can access that will improve ease of use and visibility of the opportunities on campus. For further information, or to add an opportunity to the list please contact [Jonathan Thomas, Research & Proposal Development Coordinator](#).

Meet the Laboratories of TRIES

The Texas Research Institute for Environmental Studies is one of the gems of the Office of Research & Sponsored Programs. The TRIES is comprised of multiple smaller laboratories, each with their own unique set of services, research capabilities, and outreach events. Want to learn more about the different laboratories and what they have to offer? Check out the [TRIES Laboratory Interviews](#) video series on our YouTube Channel!

Open Call for Project Highlights

Have an awesome space the SHSU community should know about? Got a tip on a funded project or study that deserves a highlight? Have an idea for something grand but need collaborators to pull it off? [Contact our Research & Proposal Development Team](#) to see if we can help you network.
