Nate dropped his phone in a puddle and lost all his contact information. He has four friends with similar names graduating from Sam Houston State University and he wants to bring them each a gift related to their major. He plans to catch them at their jobs before they leave for summer vacation. Use the clues to help him connect each of his friends to their major and workplace.

1. Nate remembers another STEAM Team member talking about their machine learning project in Computer Science at the meeting last week.
2. Samantha and Samuel work at the Kat Club and the Kat Post, but Nate cannot remember which is which.
3. Nate remembers Sam works off campus at a local elementary school as part of his degree program.
4. Samantha hates true crime shows, but loves to read historical fiction.
5. Samuel has to cross campus to walk from his job at the Kat Post to class in the George Beto Criminal Justice Building.
