Grammar Diagnostic Exam

Greetings, Class of 2023!

At Christendom, we are committed to helping you succeed in our academic program. Today, I'd like to remind you that there will be a **Grammar Diagnostic Exam** held over Orientation weekend. This exam will test your knowledge of grammar terms and usage. If you do not pass the exam, you will be enrolled in the Grammar Workshop, a six-week course designed to teach you the necessary grammar skills for successful paper writing and language study.

To help you prepare for this exam, I've provided you with some study tools and resources. Click the following hyperlinks to view the [Grammar Definitions](#) sheet and the [Grammar Guide](#). These study resources include explanations of essential grammar terms and provide helpful memorization tips for each section of the test. I've also included a [Grammar Practice Exam](#) for you to test your knowledge and identify weak areas that may require further review. As you study, I'd encourage you to know the reasons behind each answer. If you can explain why each answer is correct, you will be well prepared.

In addition to these resources, I will be hosting a **Grammar Study Session** on Friday evening of Orientation. During this session, we will study grammar definitions, review the practice test, and discuss practical memorization and test-taking strategies. Afterwards, there will be one-on-one tutoring available to address any of your questions or concerns. I look forward to seeing you there!

As always, know that you are in my prayers throughout your studies at Christendom, beginning today with your grammar preparation! Please email me with any questions, concerns, or additional resources that you may need.

God bless!
