February 28, 2022.

March 3, 2022 | 9 to 10:30 a.m. | Johnson Center Bistro
Faculty Senate and Administration Welcome: Kimberly Jackson Davidson, vice president for human resources and payroll, to discuss Mason's Tier 3 financial management.

March 2, 2022 | 10 a.m. to noon | Zoom
Lecture with guest speaker Dr. Jennifer Nash from Duke University.
Sojourner Truth Lecture
History. To register, email.
Join Dr. Nancy Knowlton, Sant Chair for Marine Science at the Smithsonian's National Museum of Natural History. To register, email.

February 28, 2022 | 5 to 7 p.m. | Virtual
Challenge of Biodiversity, 2022 Speaker Series - Beyond the Obituaries: Success Stories in Conservation
Learn about the efforts of Mason professor Mariaelena Pierobon, Associate Professor of Microbiology and Molecular Genetics, to capture immune activation and inflammatory responses within the tumor microenvironment of patients affected by gastroesophageal cancers.

Be the Match Tabling Event
Wednesday, February 23, 2022
This tabling event will be held in the University Union and the Johnson Center. Come learn about organ donation, bone marrow donation, and blood donation. Discover how you can save a life by joining Be the Match.

The Mason Science Community

In the News

Across institutes, great minds in the Mason science community invite other great minds to join them.

Research & Discovery

For the Mason Spring Seminar Series, you can hear guest speaker Dr. AmithDev, who will be discussing sexual trauma.

Acase in point in this forum is an innovative method for analyzing protein activity and its spatiotemporal dynamics. Using these tools, researchers have identified a new class of proteins that play critical roles in the development of diseases such as cancer.

In 2022, Mason's annual Innovations in Teaching and Learning conference is now accepting speaker proposals. The conference will feature sessions on innovative teaching strategies, technologies, and tools. To submit a proposal, visit science.gmu.edu.

In honor of former Mayor Jack Wood, the driving force for Town Gown relations between our university and its surrounding communities, the Office of Government and Community Relations presents this annual award.

Nomination deadline May 25: Jack Wood Award for Excellence in Town/Gown Relations
Submit a nomination by March 25, 2022. If you have questions, contact.

Alumnus receives grant to search for signatures of life on those planets.

Early on Christmas day 2021, after more than two decades of painstaking planning, building, and testing, the James Webb Space Telescope was successfully launched into space.

By Michael Summers and Peter Plavchan

The James Webb Space Telescope launch

That's how we get the first word of our mantra...UNDERSTAND. It's by asking questions. By running the required experiments. And the questions are needed.

These questions can also lead to process improvements, broader and more diverse perspectives, and new solutions.

By Fernando Miralles-Wilhelm

That's how we get the first word of our mantra...UNDERSTAND. It's by asking questions. By running the required experiments. And the questions are needed.

These questions can also lead to process improvements, broader and more diverse perspectives, and new solutions.

Submit your session proposal to the 2022 ITL Planning Team.

Mason's 14th annual Innovations in Teaching and Learning conference is now accepting speaker proposals. The conference will feature sessions on innovative teaching strategies, technologies, and tools. To submit a proposal, visit science.gmu.edu.

Welcome to Mason

Mason is the premier science university in the DC area. The university has provided leadership in areas such as nanotechnology and climate change.

The Mason Science Community

At the heart of Mason's science community is a culture of collaboration, innovation, and discovery. The community is composed of faculty, students, and staff who work together to advance knowledge and solve complex problems.

Message from the Dean

Dear Mason Community,

I am pleased to announce the inaugural year of the Mason Science University award. This award recognizes outstanding contributions to science education and research.

Submit your session proposal to the 2022 ITL Planning Team.

Mason's 14th annual Innovations in Teaching and Learning conference is now accepting speaker proposals. The conference will feature sessions on innovative teaching strategies, technologies, and tools. To submit a proposal, visit science.gmu.edu.
