Our Promise

We are committed to serving the public good, to creating a diverse and inclusive academic community, to advancing research with impact, and to connecting our students, faculty, and staff to the greater community.

The vision of our College of Science is to be a world-renowned center for discovery, innovation, and intellectual leadership that transforms society.

Thank you for your continued support of the Mason Science.

Term Faculty Community Conversation

Join us to discuss the future of our college and what we can do together to ensure the continued success of the community.

April 14, 2021 | 3 to 4 p.m.
Mason Science Faculty Meeting

Join us to discuss the future of our college and what we can do together to ensure the continued success of the community.

April 14, 2021 | 3 to 4 p.m.
Mason Science Faculty Meeting

This event is hosted by the Human Rights and Global Justice Initiative. Hear from four Mason student activists on their powerful experiences and stories.

Resistance and Resilience: Student Activism and Well-being

This year’s giving day for Mason Science will focus on supporting scholarship and funding for our graduate student population.

Thursday, April 8, 2021
Save the Date: Giving Day 2021

The annual East Coast Optimization Meeting (ECOM) introduces students and early-career researchers to the current trends in optimization and creates a strong networking environment among academia, industry, and the national laboratories.

April 1-2, 2021
East Coast Optimization Meeting 2021

New life sciences hub will connect students, communities in the commonwealth that support the life sciences industry.

Wednesday, March 31, 2021
