CINA 2021 Annual RFP Now Open for Submissions

The CINA 2021 Annual RFP proposes that advancing research on critical security issues, including crime, terrorism, and transnational threats, is essential for the future of the Department of Homeland Security. The CINA 2021 RFP seeks to support innovative research that will help to further understanding of the complex challenges represented by the four research themes of the CINA Program: Counterterrorism, Cybersecurity, Forensic Technologies, and Homeland Security.

CINA’s 2021 Annual RFP invites proposals that will address main themes in the fields of research and technology. Submissions will be accepted through January 29, 2021.

We are proud to support that mission and work, and we are happy to report two items related
