### *A message from the Dean* **FERNANDO R. MIRALLES-WILHELM**

## What are we learning from the election results?

*by Dean Fernando R. Miralles-Wilhelm*

A few reflections on the morning after Election Day...and the path forward.

(1) It is a much closer race than any side expected or wanted. We are a deeply polarized country; some say that is not a good thing.

(2) We all are taking a dose of patience and waiting for all votes to be counted. I know this is a lot to ask; it creates anxiety. Yet, it is our democracy at work.

(3) The USA is a union of states. Each state has their own rules and they are being followed and respected following the basic premise, "If you voted, your vote should be counted," (regardless of who you voted for).

(4) Let me say this again: this is a very close race. This means we all have friends, family, neighbors,

co-workers, who voted differently than we did. We all need to do our best to respect that difference, be tolerant and constructive, build on it to become more agreeable going forward.

## Happening at Mason

### Nominations open for Presidential Awards for Faculty Excellence

Mason will again recognize outstanding faculty with the Presidential Awards for Faculty Excellence. These awards are designed to honor the recipient faculty for their excellence in teaching, research and scholarship, social impact, and diversity and inclusion. Nominations are invited from across the entire Mason community through January 8, 2021.

To recommend a faculty member, please submit a letter of nomination to [facaward@gmu.edu](mailto:facaward@gmu.edu). The letter should describe the nominee's accomplishments specific to the relevant criteria. Questions about the nomination process should be addressed to [Brian Platt](#) or [Kimberly Eby](#).

## Last opportunity for on-campus flu clinic

Human Resources and Student Health Services offers the opportunity to get your flu shot for this year. Faculty and staff who have insurance through the state can sign up for a flu shot on Friday, November 6, from 11 a.m. to 2 p.m. Students can also take advantage of these clinics. You must [sign up](#) in advance.
