A Message from the Department Chair

Suzanne Boyd

Welcome back to the Department of Mathematical Sciences! During the winter break, you may have seen the transformation of our front offices at the Department of Mathematical Sciences with the new front desk and the main office. We are thrilled about the new front desk, which is a result of the continued growth and success of our Department. Thank you to the UWM Front Office for their hard work on this project.

I want to extend a warm welcome to all our graduate students and a special welcome to the new graduate students joining us this year. Please be sure to stop by the Department Office and let us know your name so the staff can update the directory.
