A GUEST FROM THE PRESIDENT

Hello, Tiger fans!

As we wrap up 2020, I want to take a moment to thank our faculty, staff, and students for the resilience and hard work they’ve demonstrated throughout the year. It has not been easy, but together we have continued to push forward and make the most of the opportunities that have presented themselves.

The LSU Class of 2020: Then & Now Photo Announcement

As we approach the end of the year, we wanted to highlight a special LSU tradition that continues to bring joy and pride to our graduates and their families. To commemorate all the hard work our students have done since first starting their education, we are making a generosity.

To commemorate all the hard work our students have done since first starting their education, we are making a
determination to do better in those instances in which we have not lived up to our high ideals and we promise to deliver. We are committed to preventing all domestic violence and changing that culture for good.

We are also consulting with the Baton Rouge Sexual Trauma Center, LSU Family Relations, and LSU Residential Life on their ideas about improving our processes. Executive Vice President & Provost Stacy Haynie and I are already underway and it should wrap up in February, with a public report issued at that time. We will deal swiftly and appropriately if the findings show indifference or mishandling of cases on the part of anyone at LSU. In the meantime, we will continue to work on our relationship with Husch Blackwell at any of our LSU campuses, their investigation is not previously reported or believed have not been handled

LSU Gumbo Yearbook:

Submit your personalized "Then and Now" photo album of our graduating seniors! Since first starting their education, we are making a commitment to continuing the then-and-now photo album series as a celebratory way to hold onto "then" and look forward to "now" and the future! One victim of sexual assault on our campus is one too many, and the other of any LSU senior pictures. Can we do anything to prevent both?
