Holi at Fletcher on March 26

A Reflection from your Hindu Chaplain

Namaste,

I have been reflecting deeply and noticing the play of colors all around me. With the increase of sunlight comes the sudden springing of purple crocus and yellow daffodils. It feels like Mother Earth is out to play as we celebrated, and continue to celebrate, Holi on campus.

This year, Holi was observed on March 25. One of the many observances of this special day includes the sacred story of a young boy, Prahalad, who kept steadfast in his eternal hope. He was deceived to sit in a fire by the seemingly unburnable Holika; however, her grasp on the material world (a cloak) was not enough to save her. Prahalad’s devotion to his values stood the test of the fire of his time. This sacred story helps me ask: what are the values that will keep my hope springing eternal?

As we played with rang (colors) at Fletcher yesterday (see above!), we couldn’t stop laughing. There is no experience like it! Mind-body-senses combine in play, and color highlights the fullness of the community experience in all its differences - mixing of orange, yellow, green, blue, purple, red. When playing, breath takes the form of laughter. When this transformation of breath to laughter happens, deep love flows through all our hearts. I value this flow, and the ever-
present possibility of connection with those around me. Breath is the ultimate reminder of that connection, and always clarifies the next action for me.

Please join us for another chance to play, to notice the colors and all they symbolize, to observe your breath and its shape and form in community on April 14 in the Residential Quad at noon, hosted by the Hindu Student Association. I leave you with this sacred verse from Bhagavad Gita 4.37:

उपवासात् विद्यासनमिव विद्या निर्बन्धायसः |
विज्ञानान्वितो लोकांस्य कर्माणि स्वायत्ताः ||

Just as blazing fire reduces wood to ashes, even so, the fire of knowledge purifies all actions.

With deep breath,
Preeeta Banerjee
Hindu Chaplain

Tech Agnostic with Greg Epstein, hosted by the Humanist Community at Tufts
Thursday, April 11, 12:00 p.m. - 1:30 p.m., Interfaith Center

The Humanist Community at Tufts (HCAT) invites you to a special event featuring Greg Epstein, the Humanist Chaplain for Harvard and MIT. Join us to hear about his upcoming book: "Tech Agnostic: How Technology Became the World's Most Powerful Religion, and Why It Desperately Needs a Reformation." Encouraging readers to reassert their common humanity beyond the seductive sheen of "tech," this book argues for tech agnosticism—not worship—as a way of life. Without suggesting we return to a mythical pre-tech past, Epstein shows why we must maintain a freethinking critical perspective toward innovation until it proves itself worthy of our faith or not. For questions, contact HCAT.

Frontiers of Democracy Conference
Thursday June 13 through Saturday June 15, Tufts University Medford Campus
Proposals due April 16

This year’s special theme is “Violence, Nonviolence, and Robust Democracy.” We anticipate robust conversations (and disagreements) about what defines and causes political violence and about the potential and limitations of nonviolent strategies. This year’s plenary speakers on the nonviolence theme will include Damien Conners, Heather Cronk, Jalene Schmidt, Maria Stephan, and Thupten Tendhar. Jessie Landerman and Keisha E. McKenzie from Everyday Democracy will lead an interactive plenary session on “Prime Time Propaganda: Using Narrative, Dialogue, and Facilitation Techniques to Confront Violent Forms of Communication.”

The nonviolence theme is not exclusive; we welcome sessions on other topics related to Tisch College’s “North Star”: building robust, inclusive democracy for an increasingly multiracial society. In particular, we are eager to continue last year’s rich conversations about religious pluralism and democracy and would welcome proposals in that area, whether or not they relate to violence and nonviolence. Although we will consider proposals for presentations or panels of presentations, we generally prefer proposals for other formats, such as moderated discussions, meetings devoted to strategy or design, trainings and workshops, case study discussions, debates, and other creative formats. Learn more about the conference register or propose a session below.
