A Message from Dean Genetti

Friends,

We are all in the midst of an incredibly challenging time in the global response to the COVID-19 virus. In an effort to minimize the risk of exposure in the Santa Barbara community, UC Santa Barbara is offering only remote instruction for students. Our faculty have been working hard to provide the best possible learning experience for our students during this unprecedented disruption of our normal teaching practices.

The Graduate Division is currently providing all of their regular services via email and Zoom calls. Our team is working hard to assist graduate students in this difficult period.

We appreciate all of your support as we work hard to ensure that our graduate students receive the same great world class education that you have always worked hard to provide. Although we may not be able to be physically present for our students, we are constantly updating our resources and providing all of their regular services.

We have created a set of FAQs that resides on the GradPost and that we are sharing with our students. In addition, we are offering a series of webinars on various topics related to the graduate student experience.

We urge you to spread the message that we are providing all of their regular services and that our team is working hard to assist graduate students in this difficult period. We are providing all of their regular services via email and Zoom calls.

If you have any questions or concerns, please do not hesitate to contact the Office of the Graduate Dean at gradpost@ucsb.edu.

Sincerely,

Dr. Carol Genetti
Anne and Michael Towbes Graduate Dean
