A Message from Dean Genetti

Dear Students,

I hope this message finds you well and healthy. As the situation with COVID-19 continues to evolve, we are working closely with our local, state, and federal health and government officials to ensure the health and safety of our UCSB community.

We are all in the midst of an incredibly challenging time in the global response to the COVID-19 virus. In an effort to minimize the risk of exposure in the Santa Barbara community, UC Santa Barbara is offering only remote instruction for Spring Quarter. Additionally, all on-campus research has been shut down. This is obviously having a large impact on our graduate student community and we are doing everything we can to support you during these uncertain times.

We are allcluded. To continue receiving our emails, add us to your address book. This email was sent to .

UC Santa Barbara philanthropy), you can choose the emails you would like to receive by (this includes event invitations, newsletters, networking opportunities and stories of.

If you do not wish to receive any emails from UC Santa Barbara Institutional Advancement opt out of them ALL.

We appreciate all of your support as we work hard to ensure that our graduate students continue to receive the same great world class education that you have come to expect from the UCSB Graduate Division.

The staff in the Graduate Division are working hard to assist them in this difficult period.

Please do not hesitate to reach out to your advisors, faculty, and our staff for any additional support you might need during these challenging times. We look forward to seeing you all back on campus soon.

Sincerely,

Dr. Carol Genetti
Anne and Michael Towbes Graduate Dean
