A Message from Dean Genetti

Friends,

We have been working closely with the Office of the President and Health Services and are receiving daily updates on the impact of COVID-19. We are committed to providing support to our graduate students, faculty, and staff during this time.

Graduate Division Operations

Graduate students continue to receive the same great world class education that you expect from UC Santa Barbara. All courses are being taught online and all exams have been changed to a format that can be completed remotely. Please visit our website at https://www.ucsb.edu/graduate/students for the latest information. Our graduate advisor offices remain open to our students via email and Zoom calls. We have also made available a set of online resources for graduate students.

Graduate Division and the Graduate Student Resource Center

The Graduate Division and the Graduate Student Resource Center are updating their services to provide support to our graduate students. The Graduate Division is working hard to assist them in this difficult period.

Spring Quarter

Due to the COVID-19 virus, all on-campus research has been shut down. This means that our programs and research cannot continue under normal circumstances. We are taking proactive measures to prevent the next pandemic.

Graduate Students

Graduate students are working on their research and projects remotely. We are providing all of their regular services via email and Zoom calls. We have created a set of resources for graduate students to help them during this time.

Harrison is the Director of World Learning's International Professional Exchange Programs, which provide short-term learning experiences abroad for exchange students. This organization provides language training and cultural immersions in English or French to thousands of professionals each year. The programs offer links to U.S. and French employers, exposure to new ideas, and a broader view of core identities.

Patricia Harrison Ph.D. '99

We appreciate all of your support as we work hard to ensure that our graduate students continue to receive the same great world class education that you expect from UC Santa Barbara. We are all in the midst of an incredibly challenging time in the global response to the COVID-19 virus. In an effort to minimize the risk of exposure in the Santa Barbara community, we are providing all of our regular services via email and Zoom calls.

Sincerely,

Dr. Carol Genetti
Anne and Michael Towbes Graduate Dean
