A Message from Dean Genetti

Friends,

We are all in the midst of an incredibly challenging time in the global response to COVID-19. We are also in the midst of a challenging time at UCSB, as the Arboretum and most buildings on campus are closed and all in-person classes have been moved online. At this time, all of the services that we normally provide for our students and faculty are being provided in different ways. The staff in the Graduate Division are working hard to assist them in this difficult period.

We have created a set of Corporate Affiliates that resides on the GradPost and that we are using to collect all of the activities that we are offering during this time. If you are interested in seeing what we are offering, please visit the GradPost at https://gradpost.ucsb.edu.

We are all obviously having a large impact on our graduate student community and we hope that you will continue to support them in any way that you can. We also hope that you will continue to provide campus services through email and Zoom calls and that students continue to receive the same great world class education that you are providing.

Last week, we received a letter from a student saying that they had received a grant to provide online tutoring for migrant workers. We are providing some resources for you to support online tutoring for migrant workers and for our students. These resources can be found at https://gradpost.ucsb.edu/standsuptogive.

We are also providing a set of webinars and other activities that you can find on the GradPost. These resources can be found at https://gradpost.ucsb.edu/standsuptogive.

I wish you and your families well.

Sincerely,

Dr. Carol Genetti
Anne and Michael Towbes Graduate Dean

UC Santa Barbara
