Inactive Index Conversion Cleanup

Some inactive indexes in IFIS were converted to Oracle, which has impacted roll-up reports, PI reports, etc. These inactive indexes have been identified. For those in OFC still in "Active" status, the following corrective actions are being taken:

- General Projects with those indexes will be reviewed and closed on your behalf centrally
- The Sponsored Projects Finance (SPF) team will close any ended awards they are able to. Many of these projects still have balances and cannot be closed until zero.
- The Plant Accounting team will close the Capital Projects they are able to

Note: Cumulative data was required for conversion from IFIS to Oracle, so if inactive indexes were part of the larger award or capital project, those indexes were converted on purpose and might still have a purpose to exist if the overall award isn't closed out.

Please refer to issue #38 on the Chancellor's ESR FIS Advisory Committee Main Issues List for tracking purposes.

Financial Accounting Program Application Period Opens This Friday!

The Financial Accounting Program application cycle is set to open again on February 18 through March 4. The program is intended to provide fundamental accounting knowledge that can broadly be applied to the financial work done at UCSD. However, the courses do not cover UCSD specific systems training like Oracle. If you are interested in systems training, we have a library of training videos in the Training Course Blink page.

Currently, we are looking for applicants to start in the upcoming Spring Quarter or Summer Quarter.
For those interested, please be aware that you will need to obtain your supervisor's endorsement to complete your application. If you would like to look at the form please view it in the Application Process section of the program Blink page.

For those who already applied and have yet to start the program, you should have received an email on 2/7 inquiring about your interest. If you did not receive an email and you applied during Fall 2021 or Winter 2021 and desired a Spring Quarter start, please contact financesupport@ucsd.edu.

Additional Spring Quarter Details:

- Acceptance into the program to start Spring Quarter will be announced on March 14.
- Spring Quarter Courses will begin the week of March 28 and conclude June 10.
- If you have any questions about the course structure (synchronous/asynchronous) or the time needed to participate in the course, refer to the program Blink page FAQ section.

Thank you for your interest in the Financial Accounting Program!

**Hot Topics: From Cost Transfers to AP Cost Corrections**

Thank you to those of you who registered for our Hot Topics session in February! Due to some additional improvements which were identified for the AP Cost Corrections, we are postponing this session. We apologize for the inconvenience and hope to see you register again once we have re-posted this event.
