New Oracle Procurement Request Form
A new request form has been launched in Oracle Procurement: Goods - Quoted Orders. This request form is identical in structure to the other goods request forms. This form is meant to be used when a quote is issued to you by a supplier for goods. You may combine all taxable items into one line item, add the form to your cart, then complete the form a second time for all non-taxable items. For a review of when to use the different request forms in Oracle Procurement, you may review the Request Forms Blink page.

Please feel free to submit a ticket (Buying Goods & Services - Oracle Procurement - Procurement Forms) if you have any questions!
