An Opportunity to Study in Scotland

The St. Andrews's Society Scholarship Committee selects the scholars by screening and interviewing candidates from five Universities in Scotland.

Commuter Services wants to remind them of the following tips:

- Leave your curtains/shutters exactly as you keep them when you are home and consider leaving the blinds open.
- Lock all doors and windows, including the bedroom door.
- If your spare key is in a plastic rock, under the mat, in the mailbox, or in another obvious location, consider removing it while you are on break.
- Ask a friend or neighbor to watch over your home while you are away (including mail).
- Consider what you are posting on social media, so you do not give away clues that you are not home.
- As always, we are proud of the WCU Ram Fam, and we are happy to help you manage paying for winter courses.

As the semester winds down, encourage your student's interest in the next steps.
