Closing Marketplace Purchase Orders

While it is important to [review all outstanding commitments](#) on your projects which will be closing at the end of the fiscal year, it is not required to resolve these commitments before closing the project. Commitments on closing projects that need to be expensed should be resolved before the end of the fiscal year, but commitments that will not be expensed do not need to be lifted. In an effort to relieve the constraints of the fiscal year close, IPPS will work with departments to resolve Marketplace PO commitments following the end of the fiscal close.

Fiscal Close Deadline to Request Transfers from the Foundation for June

The deadline to submit a Foundation Request for Funds form to request a transfer of Foundation balances to Campus for FY 22 is **Thursday, June 30** via Services and Support. Any forms received **after** the deadline will be processed for July. If a separate approval is required, please be sure to include that in your original submission. **Only complete submissions will be processed for June.** The Foundation Request for Funds form and criteria can be found [here](#).

Best Practices on Internal Controls ID# 40

Internal Controls & Accounting is working to improve the internal controls guidance to our University community on Blink: [Best Practices in Internal Controls](#).

The internal controls guidance includes a checklist with periodic control activities to be performed and certified by departments across the University. The checklist allows departments to document the control activities that have been completed by performers and certifiers, and it includes links to articles and Blink pages that provide instructions on how to run reports and what to look for during the review process.

The Budget & Finance User Group (BFG) has endorsed a soft launch of the checklist during the next fiscal year for testing and process improvement. In addition, a workgroup is being formed by Internal Controls & Accounting to vet the requirements and guidance for quality assurance, and ensure departments are performing the control activities appropriately.

An internal controls policy will be issued in the campus Policy and Procedure Manual to make performance and certification of control activities a requirement for departments. A draft of the internal control policy can be found [here](#). Currently, the target date for policy publication is set for July 1, 2023.

For questions on the guidance or the checklist, please submit a ticket via [Services & Support](#) [About: Financial Accounting, Related to: Internal Controls, More Specifically: Key Controls/Control Tracker] Also, please consider attending [weekly office hours for Internal Controls](#) on Mondays 11:00am - 12:00pm.

Campus Budget Office Updates

Core Fund Resource Allocations Survey Results

Thank you for your participation in the Core Resource Allocation survey last month. There were 104 respondents from 8 different VC areas. 79% of respondents indicated a preference for an annual lump sum allocation. The Campus Budget Office plans to implement this change in the coming months. If you have questions about the survey results or concerns about this change, please contact CBO via the [Services & Support portal](#).

Tips & Tricks

Closing Marketplace Purchase Orders

If you have Marketplace Purchase Orders that need to be closed, first confirm with the supplier and lab or office responsible for the goods or services that all goods and services have been fully paid for, and no other invoices are expected to be paid on the PO. Once you have confirmed this, you can submit a case via Services & Support (About: Buying Goods & Services / Related to: Oracle Procurement / More Specifically: Revising or Canceling an Order) with a list of the Marketplace Purchase Orders to be closed in the case description. You do not need to include spreadsheets or images.
