Announcements

UC's contract with Student Universe provides a variety of benefits to our students and we will highlight those along with the exciting Airfare Deposit Program.

Explore the many benefits provided in UC's contracts with the major airlines, hotels and car rental companies and learn how to take advantage of these discounts.

Need to book travel, want to know which agency has access to all UC rates and benefits, seeking reimbursement, have questions on insurance or per diem – who you gonna call? This will not be a "how to" training, but rather an exploration of the resources we have to offer, such as our reporting workshops, data glossary, YouTube channel with streamlining training, resources, learning, and connections with BI & Financial Reporting.

Our Get Help page will help you find all the different resources we have to offer, such as our reporting workshops, data glossary, YouTube channel with streamlining training, resources, learning, and connections with BI & Financial Reporting.
