**Prominent scientist to speak at Clemson on April 12**

Marcus Feldman, the Burnet C. and Mildred Finley Wohlford Professor of Biological Sciences and director of the Morrison Institute for Population and Resource Studies at Stanford University, will give a public lecture on April 12 from 2:30-4:45 p.m. in the Petrides Hall laboratories in Littlejohn Coliseum. The College of Science ceremony will be held inside Littlejohn. During the ceremony, President Jim Clements will shake the hands of each new ring wearer. Family and friends will be there to cheer for the students. For several hours before the start of the Spring Football Game, many SCIENCE partners on T.I.G.E.R. Field Day will be 2:30 p.m. on May 10. Be sure to check out our website closer to the date at www.clemson.edu/science, and join on social media with #ClemsonSCIENCE.

**Morgan Nichols wins the beauty in science**

Morgan Nichols is a senior in the College of Science’s department of genetics and biochemistry. Nichols was recently named Miss Clemson. Her platform “Stronger with STEM” inspires students to stick with STEM through exploration, education, and innovation. Nichols was a science lover growing up and has maintained her passion for science ever since. She is pursuing a major in genetics and biochemistry with a minor in computer science. Nichols says that her platform is both about helping students get into the STEM fields and inspiring them to believe in themselves. Nichols also grew up in a single-parent household, which means that STEM isn’t as accessible to her because it’s not within her normal access. Nichols says that she wants to help other students in the same situation.

**Give Day to bring together Clemson Family on April 3**

Give Day to bring together Clemson Family on April 3 will be 2:30 p.m. on May 10. Be sure to check out our website closer to the date at www.clemson.edu/science, and join on social media with #ClemsonSCIENCE.
