SCIENCE partners on T.I.G.E.R. Field Day

Join us on Saturday, April 6 from 1:00 p.m. to 4:00 p.m. to explore the wonders of the natural world with animals from the Bob Campbell Museum of Natural History, view reptiles like an anole and chameleon, learn about snakes in South Carolina, discover the amazing properties of the chemical world, and learn about the physics required to power an electromagnetic cannon.

Field Day is free and open to the public, so children, adults, and families are welcome.
