Shop Safely Online this Holiday Season

The holiday season means everyone is busy online shopping, especially scammers. The risks of getting scammed are higher during the holidays. Stay safe by using these online shopping tips!

1. **Shop with trustworthy retailers.** Bookmark your favorite shopping sites to get there quickly and safely.
2. **Always be careful of businesses you're unfamiliar with.** Do your homework, and read online reviews if you want to purchase from a business, you have not previously ordered from.
3. **Be wary of too-good-to-be-true deals.** Remember, if an offer looks too good to be true, then it probably is.
4. **Do not to browse on public Wi-Fi.** Avoid shopping while using public Wi-Fi because a hacker could be spying on your online activity.
5. **Check the site's security before you buy.** Looking for a lock icon in the browser bar of a

site allows you to verify that they use SSL (Secure Sockets Layer). The URL also should start with “https” rather than just “http.”

6. **Don't fall for email scams.** Delete suspicious messages from unfamiliar senders and don't open attachments or click links in messages because they could infect your computer or phone with viruses and other malware.

7. **Make every attempt possible to guard your personal information.** No retail website should ever ask for your Social Security number.

8. **Pay with a credit card instead of a debit card.** A credit card doesn't give a seller direct access to the money in your bank account. Also, most credit cards offer \$0 liability for fraud.

9. **Keep a very sharp eye out for fraud.** Check your bank and credit card statements for fraudulent charges at least once a week.

10. **Always track your purchases.** After you make an online purchase, keep tabs on it to make sure it's headed your way. (Most websites send you emails with tracking information after your purchase is confirmed)

The good news is that by taking just a few security measures, we can greatly reduce our exposure to all these threats. Holiday shopping should be enjoyable, without fraud! Be on the lookout and stay safe!
