PRINCIPAL'S UPDATE

Dear EVHS Community,

We are beginning to fill our open staff positions for the 2022-23 school year. Over the last year we have grown by 100 students and have our usual need for replacements due to departures and retirements. Hiring and finding experienced educators is harder than it has ever been.

Principal
Greg Doan

Most recently we have actually filled all of our available classified positions (6 total) all with EVHS alumni. Our local talent pool is doing great things for us right now. Outside of that we have struggled to find many qualified applicants for our most critical job roles. We are already experiencing that for our certified positions we are finding mostly 1st year teachers, alternative licensure candidates, and professionals from other countries.

We are hoping to reach out through our parent community to advertise and search for the quality teachers we need right now. Our ability to fill these positions will allow us to maintain our smaller class sizes, varied course offerings, and teacher plan time during the day. Because of our growth we already know that we need the following new hires:

English Language Arts Teacher
Math Teacher
Science Teacher
Social Studies Teacher
Special Education Teacher
English Language Learner Teacher

WHERE: Eagle Valley High School

Come and learn more about how Eagle Valley High School (EVHS) is the embodiment of our mission and vision statement to "EXPECT MORE".

With a current enrollment of more than 1000 students, EVHS is large enough to offer academic rigor through college-level classes and athletic prowess through sports and activities that a larger high school offers, yet small enough to maintain a personal experience for each and every one of our students.

In order to help make the transition easier for both you and your student, we would like to welcome you to the EVHS 8th Grade Showcase with presentations by administrators, counselors, teachers, and students at 6:00 pm on Wednesday, March 2nd..

We will share some ideas about how to help your student be successful in high school, philosophies of EVHS, extra-curricular options, how to earn credits toward graduation, policies and procedures at the high school, tour the school, and answer any questions you may have. Please join us in the auditorium at EVHS to begin the transition into high school.

Our goal is to provide individual attention to each family, so please feel free to contact the EVHS Counseling Office to schedule an appointment for a private tour and to receive more information on our academics, athletics and activities.

BESS Screening

We are currently implementing the BASC-3 BESS (Behavioral and Emotional Screening System), a universal social and emotional screening tool for students to provide a fair and impartial way of looking at how they are progressing in their social and emotional development. Screenings can also help identify areas where school staff and parents/guardians can collaborate to improve student success.

The deadline to complete this screening is Monday, February 28 at 5:00 p.m. In order to take this screening, parents must have their student's s#. This link to the survey is
