Federal Contract COVID-19 Vaccination Requirements

On September 9, 2021, President Biden signed Executive Order 14042, “Improving the Nation’s Response to COVID-19,” requiring many federal contractors and subcontractors to comply with specific COVID-19 vaccination requirements. The order requires federal agencies to add a new Federal Acquisition Regulation (FAR) clause in many federal solicitations and contracts (and other contract-like instruments) which, in turn, requires many federal contractors and subcontractors to comply with guidance issued by the Safer Federal Workforce Task Force. On September 24, the Task Force posted a document on their website titled “COVID-19 Workplace Safety: Guidance for Federal Contractors and Subcontractors” which details the specific guidance and requirements.

Iowa Workforce Skirmishes

September 24, the Task Force posted a document on their website with guidance issued by the Safer Federal Workforce Task Force regarding COVID-19 workplace safety. The order creates requirements for federal agencies to add a new FAR clause to their solicitations and contracts. In turn, requires many federal contractors and subcontractors to comply with the guidance issued by the Safer Federal Workforce Task Force.

The Iowa Workforce Skirmishes

The Center for Industrial Research and Service (CIRAS) seeks to make Iowa better by educating its businesses about the latest research-proven methods and best practices of industry. Here are just a few of the ways Iowa can improve by educating its businesses about the latest research-proven methods and best practices of industry.
