What's changing for employees?

- **Self-Identification Wizard:** Upon logging into UCPath, employees will be guided to confirm and update their self-identification details. Employees must update their selections or decline self-identification before accessing self-service features in UCPath.

- **Gender Identity:** Updated terms for gender identity will include selections like Woman, Transgender Woman, Man or Transgender Man.
- **Sexual Orientation:** Categories like Asexual will be available, and the Gay or Lesbian selection has been separated into two distinct options.
- **Pronouns Selection:** A new feature allows employees to select from a [list of pronouns](#) to be displayed alongside their name on certain pages in UCPath.
- **Pronouns Visibility:** Pronouns will appear alongside employee names in UCPath. This information will only be visible to managers, HR administrators and UCPath Employee Services on pages that display an employee's name.

What's changing for transactors?
