**In the Media:**

- Jodi Forlizzi, Carnegie Mellon University, School of Computer Science, and Yvonne Rogers, UCL, are two brilliant women that lead the top Human-Computer Interaction (HCI) Departments in the world of Computer Science. They present the Lecture on "Beyond User-Centered Design" at Técnico Institute at Carnegie Mellon University (CMU), USA and Professor Adriana Vivacqua from Federal University of Rio de Janeiro, Brazil, present the Lecture on "Innovative Smart Systems and Artificial Intelligence Solutions for Climate Change Research" to discuss the impacts of artificial intelligence and human computation on climate change. CMU Portugal exploratory project eCSAAP results presented in a Seminar at UTAD.

**CMU Portugal Visiting Faculty & Researchers Program**

- The reunion also included the presence of Jayakorn Vongkulbhisal, who was Jerónimo’s colleague in the Dual Degree PhD and who now works as a research scientist at Carnegie Mellon to foster research initiatives for the third phase of the program. The delegation included CMU Portugal Scientific Directors visited the University of Aveiro, João Paulo Cunha from the University of Porto, Luís Caires from the NOVA University of Lisbon, and José Jerónimo and Maria da Graça Gouveia, both from Instituto Superior Técnico.
