Dear Tufts community,

May Peace Be Upon You.

As we near the end of a semester which marks the culmination of a period of academic striving, it is natural to want to take stock of ourselves and our lives in a broader sense as well. How did we spend our time, energy and talents over these past months? Some of us may judge ourselves harshly in regards to how successful or productive we have been, whether we focused on the right things, and whether we gave our all in service of our goals. While this process of self-assessment can be useful, it can also at times be unforgiving. Though we may recognize on a cognitive level that we are each a work-in-progress, the pressure to achieve and push ourselves is real, especially in a competitive university environment.

In the Islamic faith, we are encouraged to pursue excellence in all we do, a concept known as ihsan in Arabic. It is said that “God loves when one of you is given a task, that he or she does it in the most excellent manner.” This is a call to hold ourselves to the highest standards, to perform even the most mundane acts with a sense of dignity and care. Our tradition, however, also reminds us of the importance of softness in our orientation to ourselves and others. The Prophet Muhammad said: “Verily, God is gentle and He loves gentleness in all matters.” As I reflect on these sayings, I am reminded of
this delicate balance. Striving for one’s highest ideals while also remembering to be gentle with ourselves and others — it is so important yet can sometimes feel elusive.

As we enter into the season of winter, a season of stillness and contemplation, I invite you to dwell both in the world of striving for ihsan as well as that of gentle acceptance of oneself. Psychologist Carl Rogers speaks of this blessed union when he says: “The curious paradox is that when I accept myself, just as I am, then I can change.” What are some aspects of yourself that you can embrace more fully? In what areas of life can you give yourself grace? How might this spirit of acceptance make way for meaningful change and transformation?

May we each find a way to embrace a spirit of gentle striving, and offer it to ourselves and others.

Nominate a Senior for the Wendell Phillips Award
Submit your names by Monday, December 11

The Wendell Phillips Award was established in 1896 and is given annually to a senior who demonstrates both marked ability as a speaker and a high sense of public responsibility. Selected by the Committee on Student Life, the winner is the one graduating senior invited to offer a speech as part of Commencement, and the speech takes place during the Baccalaureate Ceremony. The speech is intended to deliver a message about civic engagement in our time. Faculty, staff, and students may nominate seniors to apply for this honor, and seniors may self-nominate. All nominations are due by Monday, December 11, at 11:59 p.m. ET. If you know an outstanding member of the Class of 2024, nominate them today!
MLK Student Voices Award
Submissions now open through January 18, 2024

The annual Rev. Dr. Martin Luther King, Jr. Celebration offers the Tufts community a time to participate in the ongoing university commitment to racial justice by honoring what we learn from the past, listening deeply to current voices of change, imagining together for Tufts, and celebrating a future of Beloved Community. Each year, we invite student voices - through essays, poems, spoken word, songs, art, or performances - to be a part of our community celebration.

Interested undergraduates and graduate students are invited to submit creative responses for this year's Student Voices Award as part of the annual Celebration coordinated by the Africana Center, Tisch College of Civic Life, and the University Chaplaincy. For the 2024 Celebration, we ask submitters to respond to an excerpt from the "Letter from Birmingham Jail," authored by Rev. Dr. Martin Luther King, Jr. in 1963:
"Injustice anywhere is a threat to justice everywhere. We are caught in an inescapable network of mutuality, tied in a single garment of destiny. Whatever affects one directly, affects all indirectly. Never again can we afford to live with the narrow, provincial "outside agitator" idea."

For the 2024 Award, we are asking submitters to respond to the questions: What does it mean to you to be “caught up in an inescapable network of mutuality, tied in a single garment of destiny”? What does that mean to you in this time of your life? Where does it show up for you at Tufts? What value does it have for our life together?

Individual and group submissions are welcome. Submissions could uplift a place, relationship, program, or gathering on our campuses that models mutuality and a recognition of the "single garment of destiny." Submissions are due on Thursday, January 18 at 11:59 p.m. ET.

There will be a cash prize for each winner, and one of the winners will be invited to present at the Celebration on Wednesday, January 31, 2024. Find more information on the University Chaplaincy website.

Enheduanna: Voicing the Feminine Divine
Tuesday, December 12, 2023, 4:00 p.m. - 6:00 p.m. Swartz Hall on Harvard Campus

The Center for the Study of World Religions invites you to a special evening celebrating the life and writings of Enheduanna, who is the first named author in human history. Enheduana, an Akkadian princess and daughter of King Sargon I, was appointed high priestess of the moon god Nanna (Sîn) in the holy city of Ur. Her poems and hymns offer unique, first-hand accounts of her personal experiences of the goddess Inana, and provide insights into issues of gender, sexuality, theology, and goddess-worship in early Mesopotamia. Celine Debourse, Assistant Professor in Near Eastern Languages and Civilizations at Harvard will present on “Women in Mesopotamian Temples: Priestess, Slaves, Weavers” and Dr. Sophus Helle, translator, journalist, and cultural historian specializing in the literature of ancient Iraq, will give a talk on “Introducing Enheduana’s World: Grief and Gender”. Their presentations will be followed by a musical
performance, drawing inspiration from Enheduana’s writings. This event is free and open to the public. Registration is required.
