Adventures in China Trip (PA Spring Break, 2019) - In March 2019, eighteen Phillips Academy students traveled across China during their spring break on the inaugural Adventures in Ancient China trip, part of the Learning in the World program. Students visited major archaeological sites, cultural and religious sites, and museums. These student travelers made many memories while exploring the many wonderful sights, tastes, and activities of China. This image was taken at Longmen Grottoes, outside Luoyang. This site is home to some amazing and ancient Buddhist art.

This month the Peabody is excited to investigate a variety of topics ranging from the different experiences' of archaeologists to how indigenous people around the world have marked the spring equinox, and even the life story of W.K. Moorehead to celebrate his 155th birthday!

Hello Spring!

Contributed by Emily Hurley

This year the first day of spring, or the spring equinox, takes place on March 20th. To some, equinoxes mark nothing more than seasons passing by. But to others, they were and still are an important time for celebration. Read on for more!
