Traditions, Curricula, and Making Mason Memorable

In this Issue

Message from the Dean

Join University Professor in AOES and Managing Director of COLA, Jagadish Shukla, for his lecture on cybersecurity and healthcare data.

Join Mason's Department of Health Administration and Policy and HealthTechNet for a discussion about cybersecurity and healthcare data.

September 23, 2021 | 6 to 8:30 p.m.

Cybersecurity and Healthcare Data: What Executives and Policy Makers Need to Know

Submit your questions to Dean Miralles-Wilhelm by Friday, September 10.

Faculty Meeting featuring Q&A with Dean Miralles-Wilhelm

Meet students, discuss your programs, and share research and professional opportunities with free food and prizes such as MasonScience SWAG and other fun prizes.

September 14, 2021 at Mason's Fairfax Campus and September 16, 2021 at Mason's SciTech Campus

Studying mathematical methods for materials and biological network analysis.

Maria Emelianenko received $42,000 from the Simons Foundation to study mathematical methods for materials.

Helping others understand the world through mathematics.

If you've ever had the misfortune of losing someone or something suddenly in your life, then you'll likely recall the shock and disbelief when you learned the news. That was the case for the world in the days following 9/11.

The Mason Science programs among the best in the country and the world in the latest Academic Rankings of World Universities.
