A NOTE FROM THE PRESIDENT

As we celebrate the Class of 2020 for the second LSU Giving Day, we are asking everyone to think of how they can support LSU in our Herculean effort, set against the backdrop of unprecedented challenges that stem from the global outbreak and the unprecedented impact it has had on our students, faculty, staff, and alumni.

Regardless of what this “new normal” looks like, I’m confident that LSU will respond to these challenges in a spirit of cooperation and creativity—just like the students whose class photos are displayed on our Zoom Party posters. Despite the biggest challenges, we see students working together to help the entire family! Virtual GroupX Classes:
