## Workforce Development

**CINA Internship at TSA**

Walton plans to focus on the role of financial systems in combating human trafficking. She will actively deal with issues related to global pandemics, mass shootings, terrorism, and more broadly by our nation and world.

**CINA Scholarships**

Walton was awarded a scholarship for her work in the field. She will assist and collaborate with TSA-DHS Performance and Security for the World, providing input and feedback to shape our portfolio and create partnerships for our shared mission.

**George Mason University Collaboration**

Walton is an Information Systems and Operations Management major at George Mason University. She is an intern at TSA and plans to hold an IC3 certification – Global Standard 5, and is Dell Tech Direct certified. She is also a member of the Mason student chapter of the Association for Information Systems (AIS).

**TSA Internship**

Walton will assist and collaborate with TSA-DHS Performance and Security for the World, providing input and feedback to shape our portfolio and create partnerships for our shared mission. She will focus on the role of financial systems in combating human trafficking, as well as sex trafficking, and will actively deal with issues related to global pandemics, mass shootings, terrorism, and more broadly by our nation and world.

**Dr. Louise Shelley**

Walton is an Information Systems and Operations Management major at George Mason University. She is an intern at TSA and plans to hold an IC3 certification – Global Standard 5, and is Dell Tech Direct certified. She is also a member of the Mason student chapter of the Association for Information Systems (AIS).

## RESEARCH

**CINA White Paper Series**

The CINA Scholars program has partnered with the Blockchain Intelligence Group (BIG), a Vancouver-based crypto-currency technology company, to research blockchain currency transactions. The BIG partnership with the Blockchain Intelligence Group (BIG) is an important collaboration that will help the CINA Scholars program work toward common goals, mix tried and true approaches with innovative ones, and create partnerships for our shared mission.

**RFP Open Period (June 2020 – June 2021)**

The CINA Scholars program has received a new RFP grant from the CINA Department of Homeland Security (DHS) for creating a suite of cutting-edge tools for analyzing Bitcoin, Ethereum, and other blockchain currency transactions. The grant will be used to fund the creation of these tools, which will help the CINA Scholars program work toward common goals, mix tried and true approaches with innovative ones, and create partnerships for our shared mission.

## U.S. DHS COE Summit 2021

**Center of Excellence Summit 2021**

Walton will attend the 2021 Center of Excellence Summit (COE) at George Mason University, where she will deliver a keynote address on the role of financial systems in combating human trafficking. The summit will feature academic and industry experts who will discuss the latest research and developments in the field.

**Digital Archive: CINA Virtual Distinguished Speaker Series**

Walton will attend the CINA Virtual Distinguished Speaker Series, which will feature a keynote address by Dr. Louise Shelley on the role of financial systems in combating human trafficking. The event will be held at George Mason University and will be open to the public.

**Register for the Summit**

Walton will register for the Summit at George Mason University and will attend the keynote address by Dr. Louise Shelley. The Summit will feature academic and industry experts who will discuss the latest research and developments in the field.
