Contents of this Month’s Update

CINA, DHS, and/or its federal partners are currently facing, or are expected to face, a diverse range of challenges. The combined COE-DHS network is formidable, but if there is one thing we have all learned, it is that we must focus on the common goals of safety and security for our people, our nation, and the world. The threat landscape facing our nation and world is complex, varied, and dynamic. We are constantly working on responding to immediate threats, investigating ongoing cases, and preparing for future challenges.
