Dear Friend,

Greetings to you as summer begins at Tufts! Our final newsletter of this academic year highlights the year's work of the University Chaplaincy. We are a community that cares deeply about one another; stands together in times of both joy and challenge. Much is true: we are community.

Each summer, the University Chaplaincy conducts the Spiritual Interests Survey for all incoming students. This helps us understand the identities and interests of students, as well as the spiritual and ethical questions they bring to campus. In addition to students, the survey is also open to alumni and friends. You can read more about the survey and learn about the vibrancy of our programs and communities for spiritual and interfaith life and the work of the University Chaplaincy. If so, please find us on chaplaincy.tufts.edu or sign up for our email list.

We are a community that cares deeply about one another; stands together in times of both joy and challenge. Much is true: we are community.

This spring, the University Chaplaincy's multifaith team hosted a panel and small-group reflection. Be-Friend was featured in an article on TuftsNow, which also included some photos of Liam Romaker, A23, COFFEE Interfaith Coalition Vice President. Be-Friend is an interfaith friendship program designed to support the spiritual and emotional well-being of students.

Participants learned the skill of active listening while experimenting with shared spiritual practices from different religious and philosophical traditions. Several of our chaplains contributed to the project, and the group discussed what it means to have genuine hope in the midst of grief.

The annual Baccalaureate Ceremony 2021 was themed “Cashing Our Promissory Note: No Stranger.” Rights activist, lawyer, filmmaker, and educator Valarie Kaur will guide this series. Revolutionary love is a “radical and joyful practice to heal ourselves and transform the world around us.”

Connecting with our Office, we are a community that cares deeply about one another; stands together in times of both joy and challenge. Much is true: we are community. And I am especially thankful for the people who made it all possible: a gifted, innovative team of chaplains, advisors, and staff and a resilient, community amidst an intensely demanding year.

Wishing you a summer of renewal and connection.
