to facilitate information sharing among researchers, practitioners, and relevant local, national, and international partners to address pressing sustainability and resilience challenges.

The biweekly newsletter aims to connect members of the Mason community with others across the Mason community—and with other communities, policy-makers, practitioners, and relevant local, national, and international partners. The theme for the meeting include: 1) health and medicine; 2) mobility and transportation; 3) food security and agriculture.

In light of the COVID-19 pandemic, the theme for the meeting include: 1) health and medicine; 2) mobility and transportation; 3) food security and agriculture.

The COVID-19 and climate crises push us to ask: how do we chart a path forward for humanity? As we move towards a collective vision of recovery and justice, we want to build pathways to recovery, which are also pathways to 2030. Pathways To Paris: A Virtual Festival For Our Future. Mason's 2020 Presidential Awards for Faculty Excellence. Dr. Maibach has been honored with the 2020 Presidential Awards for Faculty Excellence. He is a tool for you to find others with complementing expertise and for our global society.
