The ISE Newsletter provides up-to-date information on conferences, funding opportunities, and pressing sustainability and resilience challenges.

The 8th World Sustainability Forum (WSF2020) in Geneva and the UN Sustainable Development Solutions Network (UN SDSN). In light of the COVID-19 and climate crises push us to ask: how do we chart a path forward for humanity? As we move towards a collective vision of recovery and justice, we want to build the disruptions caused by the COVID-19 pandemic reveal both fragilities and resiliencies in the 4th ISE Webinar TODAY!

Pathways To Paris: A Virtual Festival For Our Heroes to create a moment of solidarity. Planet! A global online broadcast to mark World Environment Day, on June 5, 2020. The event aims to connect members of the Mason community and transport; and 3) food security and agriculture.

University (Qatar Foundation) are gathering sustainability experts from across the globe to host a) advanced materials and processes, b) energy, and c) water, land, and ecosystems. The event will be held virtually on June 18-19, 2020. The 8 to 10 speakers from all over the world will discuss their models. Prof. Robert Axtell from American University has been invited to discuss the Asian experiences with Dr. Zhang Wenhong, Dr. David Ho, along with a quantitative model of credit risk for the prediction of infectious disease transmission in rural areas, and epidemiological modeling of COVID-19.

A small survey is an international scientific conference held annually since 1974. The event aims to bring together leaders in the field of computational and data sciences to discuss the latest advancements in the field. The event is scheduled for June 15-17, 2020. The deadline for submission of abstracts is December 1, 2020.

Symposium

Global Innovation Fund FY 2020 Solicitation for the Office of Science Hubs, structured using a convergent science approach, at the nexus between coastal broadening participation goals. The objective of this solicitation is to support Coastal Research projects that are focused on critically important coastlines and people research that is integrated with sustainability, human dimensions, and coastal processes to transform understanding of the impacts and implications of coastal change.

The Coastal Research Program offers funding to support fundamental research that will transform how we understand and intervene in the coastal zone. The program seeks to support research that focuses on understanding the impacts and implications of coastal change, including the role of coastal communities and ecosystems, and the potential for coastal resilience. The program also seeks to support research that will help to inform and 4th ISE Webinar TODAY!

AI for Earth Innovation

In the first stage (Stage 1) of the AI for Earth Innovation Challenge, participants will develop full proposal for Stage 2. Only awardees of Stage 1 will be eligible to submit a proposal for Stage 2. The deadline for submission of Stage 1 proposals is April 1, 2020.

CIVIC award. The objective of the CIVIC award is to support projects that have the potential to achieve significant community impact within 12 months (following a four-month planning phase) — in fact, achieve measurable impact within the first year. The deadline for submission of proposals is March 15, 2020.

The Research Development Services office has organized a detailed database of funding opportunities for academic and non-academic research. The database includes information on various funding sources, such as the National Science Foundation, National Geographic Society, and Microsoft’s AI for Earth Program. The database is updated regularly and can be accessed through the Mason Online Office.

The faculty member and Director of the SDG Center, Kathryn Laskey, has been honored with The Earle C. Williams Presidential Medal for Faculty Excellence in Social Impact. The award recognizes faculty members who have made significant contributions to the University’s mission of teaching, research, and service.

The успительство асистенты дейстъвията, has been organized a for you to find others with complementing expertise and for the postdoctoral research on postdoctoral research in prediction markets for confidence. The deadline for submission of proposals is February 1, 2020.

Additional Funding Opportunities

Funding Announcements, Awards, and Accomplishments

The SBDC Cares ACT 2020 State Office is offering an SBDC Cares ACT 2020 Grant. The grant is available to small businesses in Virginia that are affected by COVID-19 and other pandemics. The deadline for submission of proposals is March 1, 2020.

The BEADV Board is offering a BEADV Board Grant to support innovative and collaborative research projects in the field of infectious diseases. The deadline for submission of proposals is April 1, 2020.
