into the minor as first years. I met them in ENTP 110 and was delighted to work with them again in our capstone ENTP 370 course. This offered me an opportunity to see how they applied what they had learned across our entire suite of ENTP courses.

Seniors! It was a bittersweet celebration for me as this was the first graduating class I welcomed into the minor. We had a lot of amazing students who had the opportunity to participate in innovation competitions. However, the ENTP program at Lake Forest College allowed me to identify problems worth solving and how to mobilize the people, resources, and networks to solve them. Our students' great ideas start at the Great Lakes Innovation Award (sponsored by AbbVie) and many more. Located in the San Francisco Bay Area, YC truly pioneered the accelerator model. Companies from all across the country join YC for its investor network, and many more.

The Venture Design Challenge showed me how to put my ideas on paper and explain my thoughts thoroughly. I feel a lot more confident in myself and my ability to pitch an idea.

On Saturday, April 23rd ENTP students made their final pitch, competing for $10,000 in total and networks to solve them. Our students' great ideas start at the Great Lakes Innovation Award (sponsored by AbbVie) and many more. Located in the San Francisco Bay Area, YC truly pioneered the accelerator model. Companies from all across the country join YC for its investor network, and many more. Our students' great ideas start at the Great Lakes Innovation Award (sponsored by AbbVie) and many more. After the pitches wrapped, we celebrated our winners and honored our graduating ENTP members who continue to provide invaluable advice and support for the Entrepreneurship Innovation. We would also like to thank the Lake Forest College Entrepreneurship Advisory Council for their ongoing support.

We are grateful to our judges for their time, expertise, and encouragement. We would also like to thank the Lake Forest College Entrepreneurship Advisory Council for their ongoing support.
