**Announcements**

### Oracle Financials Client

- **Financials in Workspaces**
  - Enhance your financials experience with Workspaces, a new visual and interactive interface that enables you to work more efficiently with Oracle Financials data.

### BI & Financial Reporting

- **Cumulative Research Report**
  - The NGN Recharge Summary Report is now available. This report delivers campus and central office recharges posted to their department ledgers. To learn more, read KBA: [reports.ucsd.edu](http://reports.ucsd.edu).
- **Oracle Financials**
  - The NGN Recharge Summary Report delivers campus and central office recharges posted to their department ledgers. This report is designed to support financial review and corrective actions by department fund managers.

### Training & Support

- **Oracle Financials**
  - The Oracle PPM Award Temporary Extension is the interim process for extension requests. It allows an extension from 6 months to 12 months. The process has been modified to remove visibility of the Report Key field from the user. This modification will help in managing spending until award modification is received. The process has been modified to allow for comprehensive training and communication to follow.

### Chart String Validation Update

- **Oracle Financials**
  - Chart String Validation Update: In direct response to departments' feedback, the new validation rule applied to financials and is designed to support the PI, Project Manager, Fund Manager, and the University community. We look forward to your feedback.

### Fund Manager, and the University community.
