Oracle: Buying and Paying for PO Requisitioners
This week we will have open Q&A. Bring your questions and struggles. Nothing a fund manager doesn’t know! 

Oracle: Buying and Paying for PO Requisitioners
Every Thursday, Marissa Prough will conduct a demo of the newly launched PADUA 2.0 tool. The new tool allows users to figure out the source of a GL-PPM discrepancy? Can’t figure out what can I do? Call the UC San Diego Finance Help Line! Knowledgeable agents are standing by to assist you and answer your questions.

Quick Tip: Searching with Dropdown Menus
When using a prompt on a Cognos report that is a dropdown menu, don’t scroll! Simply open the menu and start typing the first letters or numbers of the value you are looking for. Type as you normally would, without pauses between each letter and number. Press enter to select the value.

Quick Tip: Searching with Dropdown Menus
This technique allows users to create new General Projects without submitting a ticket.

Oracle: Buying and Paying for PO Requisitioners
This course will be especially valuable for individuals responsible for departmental purchases who want to further their understanding of buying on campus. This course includes hands-on instruction on the use of Oracle Procurement & Payables. It focuses on topics such as shopping for and purchasing goods and services, searching across UC San Diego requisitions and POs, closing POs, processing nonPO payments, and checking invoice status.
