**General**

**System Rejections of Approved Requisitions**
IPPS has been cleaning up old documents lingering in Financial Unit Approver worklists. Due to our cleanup efforts, some PO Requisitioners were unintentionally sent a message indicating one or more of their requisitions were rejected. This was a system error and will not impact the orders internally in Oracle or their issuance to suppliers. We apologize for the confusion and appreciate those who alerted us to the issue.

We also appreciated your patience as we worked through the requisition auto-rejection issue from yesterday. Requisitions that received the error message "Approvals encountered an error" can now be resubmitted. When looking at the requisition in Oracle, from the 'Actions' drop-down, select 'Edit' (see image) and then 'Submit' the requisition.

**Fabrications**
Fabrications should be charged 0% IDC. During conversion, some tasks for Fabrications were converted with the award IDC rate. Please check your fabrication tasks, and if they are incurring IDC, submit a ticket for OPAFS to update the rate and reverse incorrectly assessed IDC. If you have fabrication expenses on a non-fabrication task, you can request a new task for the fabrication(s), then process cost transfers to move appropriate costs to that task.

Expense Report Attachments are Now Visible in Oracle!
Another Concur invoice enhancement has launched. Starting with Concur Expense Reports approved 3/23, Concur Expense Report receipts will be available as an attachment on the invoice in Oracle. IPPS is working on adding attachments in Oracle for Expense Reports submitted prior to 3/23. For more on the enhancements made to Concur invoices in Oracle, refer to the KBA on how to search invoice in Oracle.

Expense Type Description
Coming Soon: Concur Expense Type descriptions will include the respective Chart String Account value and taxability at the end of each name.

**Supplier Registration Updates**
Do you have a supplier who needs to make updates to their profile such as their physical address, payment address, or where POs are sent? You can invite them to update their registration in Payment Compass to request these changes. [Review our KBA](https://www.ucop.edu/content/cfo/financials/knowledge-base/supplier-registration-updates) for instructions on how to do so.

**Overview of Oracle Procurement Request Forms**
If you are unsure of which request form to use when ordering goods or services in Oracle Procurement, you may refer to our [Overview of Request forms KBA](https://www.ucop.edu/content/cfo/financials/knowledge-base/overview-of-request-forms) for a video walkthrough, or the [Request Forms Blink page](https://www.ucop.edu/content/cfo/financials/knowledge-base/request-forms-blink). Remember that you may also order goods and services through the [punchouts](https://punchout.ucop.edu/) and [catalog](https://catalog.ucop.edu/) where appropriate.

Blink Spotlight: Concur Basics
New to Concur? Check out our Concur Basics page on Blink. This page provides an overview of how employees with different tasks can utilize Concur. Additionally, it gives insight as to how to engage with our Blink pages, Knowledge Base Articles, and training as a means to help you navigate through the world of Concur and Travel at UC San Diego.

Virtual Conference Registration
To pay for a virtual conference registration, faculty and staff should use their Procurement Card. Then you can claim the charge on your monthly Procurement Card Expense Report.

However, if you inadvertently paid for the virtual conference registration out-of-pocket or with your Travel & Entertainment (T&E) Card, there is guidance on how to reconcile the expense. If there are no travel expenses, then you may submit an Events & Other Reimbursements Expense Report. For employee reimbursement, select Non-Event from the Business Purpose Type form field. If you used your T&E Card, select the Business/Technical Meeting as the Event Business Purpose Type. Then add the Seminar/Conference Registration Expense Type.
