ANP Lighting

ANP Lighting is proud to announce the EQ Collection as the winner of three awards!

LFI INNOVATION AWARDS
Category Winner
Parking, Roadway & Area Luminaires

PRODUCT INNOVATION pia 19 AWARD WINNER

LEDs MAGAZINE SAPPHIRE AWARDS 2020

LFI Innovation Awards

The LFI Innovation Awards are distributed annually at Lightfair and recognize the lighting industry's "most innovative products and designs introduced during the last 12 months.".

Product Innovation Awards

The Architectural SSL Product Innovation Awards (PIA) recognizes innovative LED and solid-state luminaires on the market, while also spotlighting the players behind the components that make up these light sources. With judging and evaluation of products from a distinguished panel of 18 designers and lighting specialists skilled in product evaluation, the SSL PIA program awards manufacturers based on attributes, qualities, functionality and performance beyond industry standards.

Sapphire Awards

The LEDs Magazine Sapphire Awards has annually recognized the contributions of the LED and solid-state lighting (SSL) supply chain in producing high-performance, quality engineered components and systems into the commercial distribution stream. Each year, a team composed of LEDs Magazine staff, Strategies in Light advisory board members, and other colleagues collaborate to deliver an awards program that culminates in acknowledging the finest innovations in SSL technology.
