Action Alert / NEWS on Crucial Legislation

March 7, 2018

On March 13 | there will be a vote on a bill to ban the death penalty for people suffering from severe mental illness.

Bill HB1455 / SB1124 *sponsored by Senator Richard Briggs (R-Knoxville) and Representative Bob Ramsey (R-Maryville)*—excludes those with severe mental illness from death penalty. This bill would only impact future cases, not those who are already on death row.

WAIT A MINUTE!

What if the accused has no prior record of severe mental illness? Can they use this law to escape punishment?

What if the accused is guilty and qualifies as severely mentally ill; will he or she go back on the street?

What qualifies as severely mentally ill?
