Responsibilities, identify their resources based on the following questions:

- Where do I go to get quick links to various resources available to you?
- Where can I find the schedule of upcoming class sessions and training opportunities?
- What can I do to ensure that I have the latest information on Core Resource allocations in the General Ledger?
- How can I access the Knowledge Base Article to find solutions to common issues?

Many thanks to the several people who submitted tickets to make us aware of issues related to payroll projections.

Several enhancements and bug fixes related to payroll projections have been released into production.

Please refer to issue #38 on the Chancellor’s ESR FIS Advisory Committee Main Issues List. The Chancellor’s ESR FIS Advisory Committee reviewed this issue and found that the reports were not displaying in the correct format. They recommended that the reports be displayed in a more user-friendly format.

This recommendation has been implemented and the reports are now displaying in the correct format. The Chancellor’s ESR FIS Advisory Committee is working to ensure that all reports are displayed in a user-friendly format.

The Campus Budget Office wants your feedback!

Please answer this 5 minute survey to tell us about your experience with managing Core Resource allocations in the General Ledger. The survey will close today on May 17, 2022.

IPPS will continue working with VWR to find further improvements in this process.

These errors stop for manual review and input from the requisitioner which significantly slows the process and increases workload for everyone.

In an effort to reduce invoice errors and expedite payments the VWR hosted catalog will be turned off on May 17, 2022. This means Oracle search results will no longer display VWR products. Products will only be available for search via the VWR punchout. Items may also be ordered using the Goods - One-Time Shipment form.
