April brings celebrations and transitions in Student Leadership and Involvement (SLI). Students will be continuing reading through this month and preparing for the end of the semester. There are events and meetings happening throughout the month, so please check your students’ calendars and keep an eye out for announcements.

The increasingly nice weather will bring a sense of freedom that may bring new distractions. Remind your students to stay focused on their goals and commitments. If you have any questions please don’t hesitate to reach out to SLI staff at inrole@wcupa.edu.

This month, we have Banana Day (4/21) and Ram Jam (4/30) to look forward to! We encourage you as a family member to explore RamConnect. A helpful tutorial video is available here. If your student has struggled to find their spot, student organizations are still meeting, and events are happening. We encourage you to check out the calendar and see what your students are up to.

April 29 is the deadline for students to register for the Student Leadership Summit. Take a look at the agenda and register early. The summit will be held in person at the Student Union and virtually. For information on how to participate virtually please email sli@wcupa.edu.

The Outdoor Adventure Pursuits (OAP) program here at WCU is a fantastic way to connect with fellow Golden Rams and experience new things. Registration for our trips ranging from hiking, to standup paddleboarding, to outdoor rock climbing is live with TrueRemove®. Check out the schedule and register early for the classes you want to take part in.

The Office of Student Conduct is here to support your students through the judicial process. If your student has received a judicial hold on their account, you can help by suggesting they:

- Take steps to resolve the matter, so the hold can be removed.
- Contact the office and find out why the hold was placed, and determine which office placed the hold.

If your student is taking on a leadership position in a student organization, it is important to make sure they are qualified to hold the position. If your student is struggling to find their spot, student organizations are still meeting, and events are happening. We encourage you to check out the calendar and see what your students are up to.

These graduates have shown that they possess the grit, determination, and perseverance to achieve their goals. They have proven that they can accomplish great things even in difficult times. These graduates are a testament to the hard work and dedication of our faculty, staff, and students.

The University would honor each and every one of its graduates at an in-person Commencement when we are able to do so. However, due to the ongoing pandemic, the University has modified or cancelled last year, and again this year, in keeping with CDC and Pennsylvania Department of Health guidelines. Early on, though, we made the commitment that West Chester University would honor each and every one of its graduates at an in-person Commencement when we are able to do so.
