Oracle Financials Cloud

Claim Unidentified Receipts
Over the next few months, the campus will begin the Fiscal Close process. This will be the first annual close processed in Oracle. As we proceed to our first fiscal year-end close, we ask that the departments please make all efforts to identify and claim all Unidentified Receipts (KBA).

Additionally, if you are aware of any invoices that you do not anticipate the university will be able to collect on, please submit a Service & Support ticket with the relevant invoice and customer information. Please review the AR Aging Report to assist with identifying outstanding receivables by date. The Aging Report can be found in the UCSD-DSH Accounts Receivable Panorama at reports.ucsd.edu.

Friendly reminder: we have noticed an increase in issues concerning invoices that were created outside of the financial system. All invoices (except for students/patients) must be created in Oracle Financials Cloud (OFC) unless there is system integration with OFC, to match payments/receipts and have revenue correctly allocated. Additional Guidance can be found here (see Section B).

Restructure PPM General Projects and Project Personnel Assignments
As communicated in last week's digest, the target date for the optional restructuring of PPM General Projects and PPM Personnel Assignments is April 28. For instructions see KBA: Restructure PPM General Projects (Update B) and Project Personnel Assignments (Update B).
Procurement Card Expense Report: Delegation of Authority
Cardholders! Are you tired of submitting your own Procurement Card (P-Card) Expense Reports?

Available as of today, a Procurement Card Cardholder can submit a Procurement Card Delegation of Authority Request, delegating the authority for a Concur Delegate to complete and SUBMIT a P-Card Expense Report on your behalf. The Procurement Card Delegation of Authority Request is a ONE-TIME request and MUST be submitted by the Procurement Card Cardholder. The submission of the Procurement Card Delegation of Authority Request CANNOT be delegated. Once the Procurement Card Delegation of Authority Request is approved by the P-Card team, ANY Delegate you’ve assigned within your Concur profile will have the authority to submit a P-Card Expense Report on your behalf. Read the new KBA for instructions on how to properly submit Procurement Card Delegation of Authority Requests.

Delegates, there are no changes to your process. Once you submit a P-Card Expense Report, it should flow directly for Financial Unit approval.

**Tips & Tricks**

**Oracle Financials Cloud**

**Punchout Items with Purchasing Categories**
If you are purchasing an item via a punchout in Oracle Procurement, you may be prevented from checking out if a purchasing category is missing on the item you’re trying to purchase. If this happens, submit a case via Services & Support with the categories Buying Goods & Services - Oracle Procurement - Punchouts with the supplier name and catalog number. We will add a purchasing category so you may continue with your order.

**Concur Travel & Expense**

**Favorite Allocations**
If you enter in multiple chart string allocations on an Expense Report, consider creating a Favorite Allocation. This will allow you to save Allocation information and easily apply it to future reports. To do so:

1. Select the **Allocate** button from an Expense
2. Add the Allocation that you wish to save
3. Select *Save as Favorite*
4. Enter in a name for your Allocation
5. Select Save

To add a Favorite Allocation to a charge

1. Select the *Allocation* button from an Expense
2. Select *Add*
3. Select the *Favorite Allocations* tab
4. Select your Favorite Allocation
5. Select *Replace Allocations*

Note that Favorite Allocations do not save across different Concur profiles.
