#SeeitBeit

In this class, we started a conversation with black women founders telling their true life stories that we change the narrative on who gets to become a successful entrepreneur, business founder, trailblazer, and changemaker in America.

In partnership with Vox Media Studios and Vox, this enlightening explainer series will take viewers deep inside a wide range of culturally relevant topics, questions, and ideas. Each episode will explore current events and social trends pulled from the zeitgeist, touching topics across politics, science, history and pop culture -- featuring interviews with some of the most authoritative experts in their respective fields. In this episode: Cory Booker and others discuss how slavery, housing discrimination and centuries of cultural inequality have compounded to create a racial wealth gap.

US Rating: TV-MA. This show is designed for mature audiences only.
