The ISE Newsletter provides up-to-date information on conferences, funding opportunities, and research pertaining to environmental science and sustainability. The biweekly newsletter aims to not only celebrate the 5th anniversary of the 2030 Agenda for Sustainable Development and the climate crisis, but also to examine the implications of COVID-19 for public health and decent work.

### Sustainable Development Solutions Network (SDSN)

The Sustainable Development Solutions Network is a global network of 800 universities and research institutions that works to develop innovative solutions to the world’s most pressing issues. The network’s mission is to foster a new generation of leaders who can drive change and improve the lives of billions of people worldwide.

### Opportunities pertaining to COVID-19

The database is updated as new opportunities become available. Contact David Corman or Ginger Potter for more information.
